## Buchholz – Variante italiana

### Sistema di spareggio per i tornei a sistema svizzero e italo-svizzero

Serve ad effettuare lo spareggio tra giocatori che, in un torneo giocato con il sistema svizzero o italo-svizzero, hanno ottenuto uguale punteggio.

Si effettua lo spareggio aggiungendo al punteggio ottenuto da ciascuno degli ex-aequo il totale dei punti ottenuti dai competitori con i quali ciascuno degli ex-aequo ha giocato, escludendo tra essi quello con il minore punteggio.

In caso di ulteriore parità fra gli ex-aequo o parte di essi, il suddetto minore punteggio, prima escluso, sarà aggiunto come cifra decimale.

Risultando ancora per gli ex-aequo, o fra parte di essi, parità di punti, dopo aver effettuato il conteggio di cui sopra, occorrerà prendere in considerazione:
